CARDINAL HEIGHTS

The new Cardinal Heights Development combines country living with urban access, just 20 minutes east of Lincoln. Each one of the seven spacious lots in this development provides the feeling of living in the country, while conveniently located just beyond paved roadways.

The development is situated in the thriving small town of Unadilla, Nebraska and lots are already connected to all city utilities. It will consist of ranch style (1500 sq. ft minimum) and two-story homes (2000 sq. ft. minimum); additional covenants apply.

Cardinal Heights is within 10 minutes of an excellent K-12 school system, Syracuse Public Schools. The school offers a wide-range of academic courses, special interest clubs and Class C-1 athletics. You'll enjoy having everything you need nearby such as: fitness center, golf course, swimming pool, sports complex, parks & rec youth sports, adult rec leagues, grocery store, post offices, hardware stores, banks, restaurants, fast food, unique small-town shops and more! B.C. Meyer Homes is the exclusive builder for this development.
